UNAMG Fax: +49 (0) 3212-1133365

In the name of the company or organisation I represent, I declare our compliance with the following principles:

- ✓ Refusal and avoidance of inhuman and exploiting working conditions
- ✓ Renouncement of child labour as well as renouncement of cooperating with companies who are known to resort to child labour
- ✓ Priority on sustainable and resource-friendly production techniques which always keep environmental questions in view

Should I note that my suppliers or customers violate the above principles, I will insist on resolving the grievance and even on interrupting the business relations if after an appropriate period, the business partner is still unwilling to comply with the principles.
